A FRIGHTFUL WRECK

Two Persons Killed Outright and Fifty Injured.

A RAPIDLY-MOVING PASSENGER TRAIN

On the Baltimore & Ohio Railroad Leaves the Track and Rolls Down a Steep Embankment—Cars Reduced to Kindling Wood.

DEPIANCE, O., Oct. 15.—It is reported that a passenger train on the Baltimore & Ohio railroad jumped the track just east of Hicksville yesterday afternoon. The wreck is a bad one and several passengers are said to have been killed and injured. The company reports that its wires are all down and further particulars cannot be secured at present.

A later report says the train was east-bound and left Chicago at 10 o'clock yesterday morning. It was running down grade at the rate of 50 miles an hour and the cars are reported scattered in the woods adjoining the track.

Four Passengers Killed, Three Fatally and Many Seriously Injured.

FORT WAYNE, Ind., Oct. 15.—The Baltimore & Ohio fast line from Chicago to New York left the track at Hicksville, O., at 4 p. m. yesterday, killing four passengers, and wounding three others fatally and a dozen others less seriously. The wreck occurred on a sharp curve. The express, mail, baggage and smoking cars passed the curve in safety, but the sleepers jumped the track and piled up in a mass of ruins. The killed are supposed to be: Alvin, from Montpelier, O.; two children from Chicago and a lady from some other city. The train's blocked and trains are running around via the Vandalia line.

FORT WAYNE, Ind., Oct. 15.—It is now definitely known that two persons were killed and three seriously injured in the wreck. The killed are: Thomas Waterstone, of Bridgeport, O.; A. J. Matlock, of Peon, Ia.; The seriously injured are J. V. Grubbs, of Chicago, and Mrs. M. J. Grubbs, of Chicago. The train was carrying a passenger coach and Vice-President King's private car left the track and rolled down the embankment, turning over twice in its descent to the bottom. The train was running at a speed of 60 miles an hour, and the crash was awful. In a moment the air was filled with the groans and shrieks of the injured and imprisoned passengers.

Assistance came from the town almost immediately, and the work of rescue was begun. All the physicians in the neighborhood were summoned. The bodies of two men were taken out shortly thereafter. All the hotels and public buildings of the little town were at once thrown open and turned into hospitals, the wounded being removed as rapidly as possible.

No names can be learned at this writing, but it is known that Vice-President King, of the Baltimore & Ohio company is badly injured. The Baltimore & Ohio officials and employees will not talk, and as that company owns the only telegraph line out of the town no information can be sent out to the surrounding country, and newspaper men are sending their matter from Defiance, 15 miles distant. It is probable that no later information will be had to-night, as trains are badly blocked and there is no means of reaching the scene of the accident.

THE PRISON CONGRESS.

The Warden's View of the Chaplain's Office—Election of Officers.

PRERUSSIAN, Pa., Oct. 15.—At the usual hour, yesterday morning, President Hayes called the annual session of the National Prison association to order. Mr. Spaulding, of Massachusetts, offered a resolution to the effect that the National Prison association should hold its next session in the United States and Canada to observe the fourth Sabbath of each year as a prison Sunday. The resolution was carried.

Col. Gardner, superintendent of the reformatory of Massachusetts, then made a brief address to the "Warden's View of the Chaplain's Office."

President Hayes and others talked on the same subject.

Rutherford B. Hayes, re-elected president; Lucius D. Barker, of Massachusetts, of vice-president; John T. Milligan, of Allegheny, secretary; and Charles E. Felt, of Chicago, and Dr. Roland Falkner, of Philadelphia as his assistants; Charles M. Jessup, of New York city, treasurer.

The new executive committee is Z. R. Brockway, W. M. F. Rouns, Gardner T. Telford, Francis H. Wainwright, R. McLaughlin and A. C. Brush.

At the evening session of the congress Rev. Frederick H. Winsor, of Springfield, Ill., read a paper on "Crimes in the Census of 1890." This finished the programme of the congress.

Baltimore was fixed upon as the place of meeting for the prison association next October.

FROM WASHINGTON.

The Introduction of Indian Corn Meal in Germany.

WASHINGTON, Oct. 15.—Secretary Rusk is in receipt of a communication from Col. G. J. Murphy, a special agent in Europe on behalf of the maize industry. Col. Murphy proceeded to Berlin by the secretary's instructions a short time ago, in order to take advantage of the present shortage in the cereal crops of Europe by presenting to the attention of the German people and government the importance and value of American Indian corn as a cheap and nutritious substitute for other cereal foods. Col. Murphy writes most encouragingly, reporting his cordial reception by Minister Phelps and the readiness of that gentleman to forward his report, and further stating that he has been able to produce bread composed in part of rye and part of corn which has been highly commended by all those to whom samples have been submitted, and that a satisfactory substitute for the ordinary rye bread in general use among certain classes in Germany, and this at a cost, based on the present price of rye flour and corn meal in Germany, roughly equal to the cost of the bread made exclusively of rye flour and now retailed in that city. Should special concessions in the matter of tariff duties be secured from the German government on maize, the outlook for a large increase in our exports of that product to Germany would, in the opinion of Col. Murphy, be most promising.

They are Reasonable in Gold.

WASHINGTON, Oct. 15.—The request of certain friends in London, Secretary Foster a few days ago wrote a letter on finance in which he stated that treasury notes were redeemable in gold. Demonstrations in London presented a \$100,000 note in the hands of a man in London and demanded for it. It was refused by the assistant treasurer. Democratic newspapers published the fact of the refusal, and the London press, in turn, published utterances Secretary Foster after reading the dispatch yesterday morning sent the following telegram:

WASHINGTON, Oct. 15.—Hon. H. C. Lodge, Boston, Mass.: Treasury notes will be redeemed at any time by the United States government. The refusal at London was an error on the part of the assistant treasurer, it being known in London that the United States government was not in a position to redeem its notes in gold at the present time. There is no authority of existing law to refuse to redeem treasury notes in gold at the present time. The government purchased nearly a million of gold coins in 1890, and it is now in a position to redeem its notes in gold at the present time. The government is not in a position to redeem its notes in gold at the present time. The government is not in a position to redeem its notes in gold at the present time.

Wholesale Indictments Against the Lottery.

WASHINGTON, Oct. 15.—Col. M. D. Wheeler, chief post office inspector, has received the following information from Inspector Maynard, of St. Paul, Minn.: "The St. Paul states grand jury reported four indictments here yesterday against Paul Conrad, president of the Louisiana state lottery, and other officers and employees of the lottery company, for violation of the anti-lottery law. The grand jury has been in session since the 5th instant, and yesterday reported the results of their labors. Five hundred and fifty indictments were returned, covering an equal number of separate and distinct cases against the officers and employees of the lottery company. The grand jury also returned indictments for violation of the anti-lottery law, and the grand jury will probably begin its trials next week."

Re-examination of Pork for Export.

WASHINGTON, Oct. 15.—Secretary Rusk yesterday assured a committee from the New York Produce exchange that pork products stamped at that port in the west could be re-examined at the port of export, when such re-examination seemed necessary and that a government inspector would supervise the inspection and re-stamp any packages, or barrels, or casks, or any possible substitution of the products after the examination at the time of packing.

Death of Col. Charles G. McCanley.

WASHINGTON, Oct. 15.—A dispatch received here announces the death at Rosemont, Pa., Tuesday, of Col. Charles G. McCanley, who was recently placed on the retired list while holding the office of colonel commandant of the 1st Cavalry, United States army. Col. McCanley entered the service from Louisiana in 1847 and attained the highest rank in the corps in 1870. He had an excellent war record.

The Woman's Christian Association.

CHICAGO, Oct. 15.—Yesterday's session of the international conference of the Woman's Christian association was devoted to the reading of reports from several cities, the most important of which was that by Mrs. C. R. Springer, of St. Louis, entitled "The Woman's Christian Association in Conference Work." The paper tended to show a slight weakening in the work of the conference as a body, though not of the work in the various cities. Mrs. Springer argued that the strength of the general work required a firm centralization, and to this end suggested the constitution of a large committee to take charge of the work in each state represented in the conference; these vice-presidents to be given executive power over affairs in their respective states. A committee of five was appointed to formulate a scheme embodying the suggestions of Mrs. Springer.

McManis, a member of the city council, for murder, he having been an active leader in the Smith lynching. David Mahoney, Bok Ward, James Trainor and Wm. Bloom, conspired with McManis and Farris, yesterday's arrests, sixteen men who have thus far been arrested and charged with murder in the lynching case.

FORTY-TWO OF THE CREW DROWNED.

The Story of the Only Survivor—The Captain and Crew of the Ill-Fated Vessel Too Drunk to Save Themselves—A Terrible Experience.

Not the City of Rome.

MONTREAL, Can., Oct. 14.—It is believed here that the steamer lost off the banks of Newfoundland is not the Ancor Line steamer City of Rome, but a vessel of similar name which sailed from here October 7.

MONTREAL, Can., Oct. 14.—The vessel wrecked off the banks is a cattle steamer sailing from this port. Forty-two persons were drowned.

St. John's, N. F., Oct. 14.—A sailor named John Brennan arrived at Tappesay today and tells the following story: He was one of a crew of forty-five of the steamer City of Rome, commanded by Capt. John Thomas Kelly, which left Montreal, on October 7, for Dundee, with 575 cattle and a lot of flour and maize. The steamer, he says, was lost on the night of Monday, October 13, off the coast of Newfoundland. The captain, crew and officers were all drunk and could not save themselves. He was thrown on the rocks, and after a struggle with the waves, he managed to reach the shore. He tells a pitiful tale of the struggles of the crew and of the cattle in their efforts to save themselves.

The Wrecked Steamer Citta di Roma.

NEW BRUNSWICK, Oct. 14.—The steamer Citta di Roma, reported wrecked last Monday night at Marine Cove, St. Mary's bay, N. F., left this port September 30, for Bordeaux, via Norfolk. She touched at the latter port September 30, since which time she has not been heard from. She had a cargo of 100,000 bushels of grain in bulk and was in command of Capt. John Thomas Kelly, a man of twenty-five or thirty men. Her agents here, Ross, Howe & Morrow, have heard nothing of her, and say they are not in a position to trace her, for she had not had time to reach port. They expressed surprise at the inquiries being made concerning her and expressed the fear that disaster had overtaken her.

Refuse to Believe His Story.

St. John's, N. F., Oct. 15.—There is considerable excitement here over the story of the man of Brennan who claims to be the only survivor of the cattle ship City of Rome. There are numerous persons here who refuse to believe his story. Brennan is on his way to St. John's.

All Well on the City of Rome.

Serious Accident to the Atlanta.

ST. PAUL, Minn., Oct. 15.—A dispatch from Leves, Del., says that the United States steamer Atlanta is at that place awaiting orders. She was in the gale fifty-four hours. Her bows were broken and the lower compartment filled with water. In lowering a life boat to make an examination of the hold an explosion occurred and six men were badly burned. Two are not expected to live.

Gilmore's Unrivalled Band Coming

In Gilmore's Band this season there are sixteen special soloists, a quintet of saxophones, a quartet of trombones and French horns, besides several new instruments not heard in any other band in this country. He has every instrument needed to give effect to the great classical works which enrich his programmes and for the production of quaint and novel effects in several new and characteristic compositions have recently filled his Manhattan Beach and St. Louis audiences brimful of enthusiasm. At the coming concert he will introduce in the year for the first time the Schumann, whose duet singing is pronounced something marvellous. The New York, Boston and Philadelphia papers lavished praise upon them scarcely equalled since the first appearance of Adeline and Carlotte Path and predict an equally brilliant future for them. Moss, Clodia, the celebrated French tenor, and Mr. O'Mahony, the deep-voiced Irish basso, will also appear in solos. One concert only will be given here, Monday evening, the 19th instant, at the Grand Opera House, and Manager Haines is preparing for an overflowing house.

Superintendent Peter Lutz Injured.

Peter Lutz, superintendent of the stone work for Contractor Messer on the new court house, was at work yesterday evening at 6 o'clock on the second floor of the structure and the board on which he was standing tilted, throwing Lutz to the next floor of the building, striking in such a manner as to hurl him out of the window and upon the ground. Mr. Lutz is quite a large man and the fall was so severe that it inflicted several severe injuries. His left wrist was broken, a compound fracture, and one of the bones of the right wrist was fractured, one bone being pushed out through the flesh. He was carried to Templeton's pharmacy, where Drs. O. R. Allen and D. N. Moore reduced the dislocations. He was then sent to his home on North Clinton street in a carriage. It will be quite a period before he will be able to return to work. Mr. Lutz is a member of the Old Folks' lodge at Fort Wayne. The Relief Committee of the Decatur lodges paid him a call to-day and offered their services in the way of nursing and attention.

Mrs. D. McVey Seriously Ill.

Mrs. Isabelle McVey, wife of Darin McVey, and residing at 639 West North street, is lying seriously ill at her home. She assisted her daughter this morning to prepare the morning meal and to work about the house. She remarked several times that she was suffering from a severe pain in the side of her head. Nothing serious was thought of it at the time. The aged lady had gone to the rear of the premises and feeling weak, sat down. Soon afterwards she suffered the rupture of a blood vessel in her head, causing paralysis of the brain and optical nerves. She was discovered in this precarious condition by her daughter and kind and willing hands soon carried her to the house, and Dr. William Barnes and Sibbey were quickly summoned. The physicians did all within their power for the prostrated lady. She is about 65 years of age and the mother of four children, Mrs. James Thomas, of Chicago, Mrs. Bert Williams, Miss Bathie McVey and Charles McVey.

"Wilkinson's Widows" To-Night.

"Mr. Wilkinson's Widows" is funny from beginning to end. Its north is good genuine farce fun, always a trifle exaggerated and depending for its effect on the serious attitude of the actors. The situations are ludicrous in the extreme, and they are heaped up in a bounteous profusion. It is a farce that has a touch of Gallic art about it, naturally, as it is founded on Alexandre Bisson's "Pau Tonpoulet," and at times it seems to approach realism; but it never once enters upon the ground which is the especial preserve of the French dramatist.

The above is the verdict of the New York Times on Charles Frohman's company in Wm. Gillette's comedy triumph, "Mr. Wilkinson's Widows," which is at the Grand Opera House this evening. Be there.
